- Advantages & Disadvantages
- Conclusion

Examination management system

An online Examination management system acts as a portal to conduct online exam and practice for students to get prepared . This can be very useful in times of this worldwide spreading virus which is the very same reason why we are in quarantine , the covid-19. Students can also check their result of different kind of exams which are held in our country.

Features:

- Online portal to access any time.
- Student can also practice anytime.
- Saves paper and time.
- Very helpful and useful especially at time like quarantine due to covid-19.

Software Requirements:

- Windows xp, Windows 7(ultimate, enterprise) , Windows 10
- Visual studio Code

Advantages:-

- It saves paper.
- It saves time.
- It saves you money.
- It saves the student money.
- It's more secure.

Disadvantages:-

1. You have to keep in mind that your students will take the exam on their own device in their own time with nobody to check up on them, so you have to alter your questions to provide for this situation. You have to ask questions which are not easily to be retrieved from books or the internet. Or you can add a timer to each question so theirs is no time to search for the answer.
2. Open text questions are possible, but they don't auto-grade, so you have to check them yourself.
3. An online exam system is a little bit more susceptible for fraud. So you have to keep that in mind if you setup your exam. Do you want to share the results immediately after the result? In that case you can setup a question bank to solve the issue of fraud. Handing out all questions & Answers of a question bank to students is ok. Because they have to learn all the questions & answers by heart. And when they're done they master the material.

Conclusion:

- Easy to use.
- Can be accessed from anywhere.
- Saves money and time of both parties.

Work Distribution:

- Prajwal Luche B40:- student Login ,Teachers login, New student registration, Exam registration.
- Krishna Bhabat B39:- Home page.
- Sai Divakar B38:- Feedback, contact us.
- Ganesh Kamal Reddy B37:- Results, Query.
